Software Partners

Our full technology stack helps us meet clients where they are in their digital transformations, and we offer the consulting expertise to help guide and implement the best solutions for that journey. Our rapidly growing ecosystem of ATS, independent software vendors (ISVs), hardware, network and services partners enhance the client experience and drive the value and innovation derived from STRATEGYZ technologies. Our focus on Staffing Applications accelerates our open and collaborative approach to partnership.

Strategyz
Let's Create

STRATEGYZ Consulting

A trusted partner to clients that delivers meaningful impact faster.

STRATEGYZ Consulting is the only major global consultancy that sits within a technology company. With principles grounded in open innovation, collaboration and trust, don't just advise. We work side by side to design, build, and operate high-performing businesses—together with our clients and partners.

- Business Transformation
- Technology Consulting
- Staff Augmentation

STRATEGYZ

STRATEGYZ Software

Enables clients to leverage the full power of software's, with strong demand for open-source innovation.

Three critical imperatives will determine a smarter, more responsive business:

- Applicant Tracking System (ATS)
- Vendor Management System
- Human Resources Management System (HRMS)
